El Qué ... que quiere decir “engagement / vinculación” ...!?

A group of people having:

common interests

similarity or identity

emotionally committed

Levers taking us from being “connected” ...
... to being “engaged”

sharing, participation and fellowship

actively involved as a participant

to connect closely to, to influence or affect

El Qué ... y podemos medir “vinculación” ...!? (a lo mejor más de lo que pensamos...)

- Are they **Members**
 - how many are paying members?
 - segmentation

- Are they **Involved**
 - 33 Chapter Boards = close to 300 ambassadors actively engaged

- Are they **Aware**
 - Do they open invitations / mails?

- Is their **data current**

- Do they **Respond**
 - Do they reply emails?
 - Do they register to events?

- Do they **Participate**
 - Attendance at events

El Porqué ... el círculo virtuoso de “Engagement”

El Porqué ... apalancando vinculación

... para apoyar el desarrollo de la institución

*Maximizar vinculación es el reto Nº 1.
Apalancar esa vinculación es el reto Nº 2

El Cómo ... (intentamos) maximizar vinculación ... los inicios

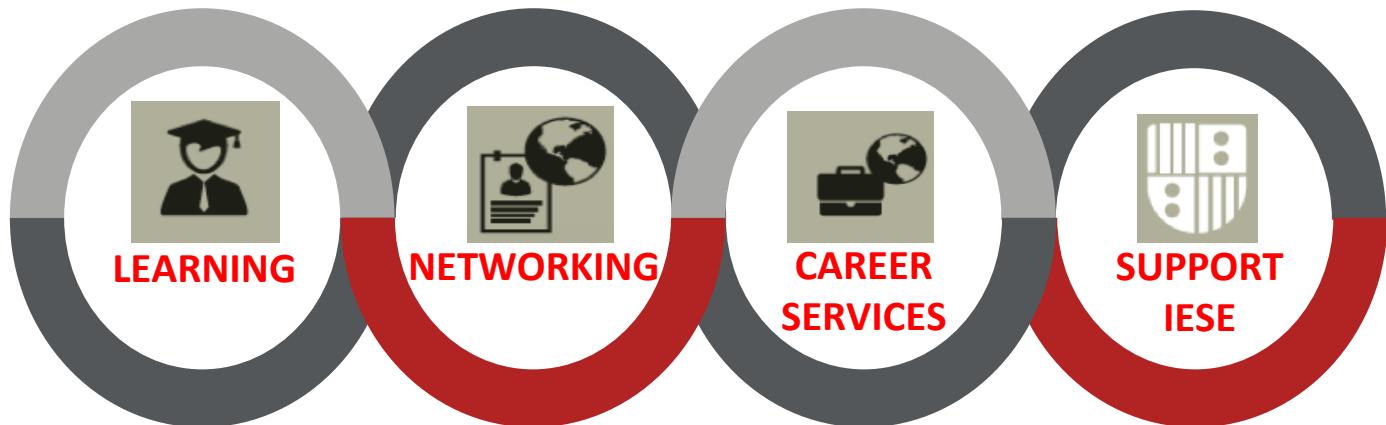

The IESE Alumni Association was born thanks to the initiative of IESE's first class, (PADE 1959), which asked IESE for tools and activities allowing for:

- Keep up to date on new concepts and share business experiences through a Continuous Education Program.
- Maintain close ties with the school, professors and fellow alumni.
- Actively participate in the development of IESE.

[Inicia](#) > [About the Association](#) > [Governance](#)

Executive Committee

The Association reflects the interest and participation of each member. The Governing Board and the Executive Committee represent and lead this collective effort, as set out in the statutes of the Association.

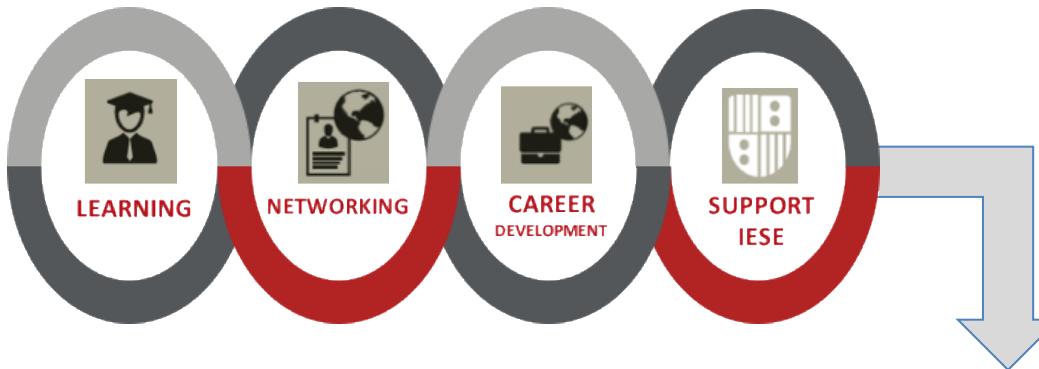

The Governing Board sets the guidelines for governing the Association and elects its president. It meets at least once a year, usually coinciding with the Global Alumni Reunion. All Alumni are represented on the Board by one delegate from each class of the core IESE programs. The Board also includes all members of the Executive Committee and a delegate from each Regional Chapter.

The Committee is the executive body of the Association. Their work is organized into seminars encompassing all areas of their activity. The committee is also responsible for approving budgets and submitting the annual accounts to the Governing Board.

Alguna conclusión food for thought

- La comunidad de alumni se debería considerar como uno de los activos más importantes de la institución
- Es un lujo tener una comunidad con niveles de afinidad tan altos, como potenciales embajadores
- La vinculación de alumni es un reto continuo y requiere gran dedicación
- Sólo vinculación no basta
- Una vez en movimiento, el potencial de una comunidad vinculada, representa una enorme oportunidad!

A remarkable story ...
