Pre-College Spanish Language Program for High School Students

July 1st to 21st

Explore the historical city of Pamplona with
its San Fermin celebrations and the
beautiful coastal city of San Sebastian!

Universidad
de Navarra

ILCE

çincuenta

1967-2017

BRIEF PROGRAM OVERVIEW

The Pre-College Program is designed for incoming juniors and seniors interested in the intellectual challenge and rigorous pace of a true undergraduate experience. Participants will enjoy three weeks of cultural and language immersion at the Universidad de Navarra northern campuses.

During the first week, students will attend classes on our main campus in Pamplona and experience the San Fermin celebrations. The following two weeks they will study in San Sebastian, at our Engineering School-TECNUN campus.

Every student that completes the program will receive official credit by the Universidad de Navarra, transferable to home institutions. ILCE programs are taught by outstanding local professors from the Universidad de Navarra and by distinguished invited professors from other universities such as Columbia University, University of Oxford, Southern Mississippi University, and the University of Miami.

The official arrival date at Pamplona is July 1st. The program offers a pick-up service to and from the local airport, train, and bus station. Other pick-up destinations may be organized by request.

PROGRAM OF STUDY

Students will take a Spanish written and oral communication course, for a total of 45 hours, 40 hours in-class and 5 hours participating in academic activities outside of the classroom. We offer intermediate and advance level Spanish classes. Communication and culture courses are conducted in Spanish from the beginning of the program.

Each week the program will focus on a particular theme that directly relates to Spain, and the local history and culture. The weekly co-curricular activities are led by ILCE professors and designed to enrich cultural immersion in Spain to better integrate the host culture. Students will have the opportunity to visit many historical sites, learn about the country's unique history, and become immersed in Spanish culture.

SUMMER 2018 ACADEMIC THEMES AND WEEKLY ACTIVITIES:

Week 1. Getting to know the Universidad de Navarra, Pamplona, and the San Fermin festivities:

- Pamplona Old Town
