

1/ Draw a perpendicular line to line r through each point.  
*Trazar perpendiculares a la recta r por cada punto.*

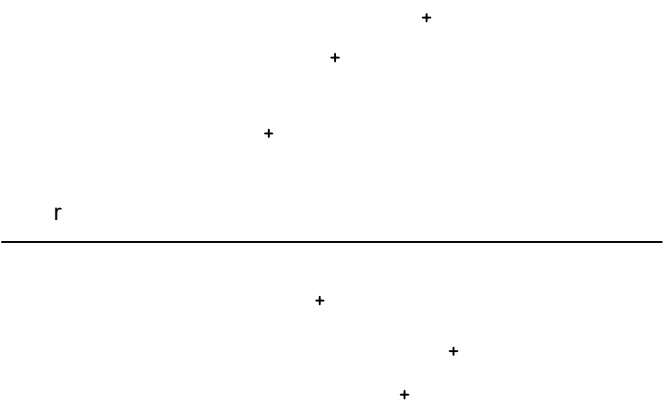

2/ Draw a perpendicular line to line r through each point.  
*Trazar perpendiculares a la recta r por cada punto.*

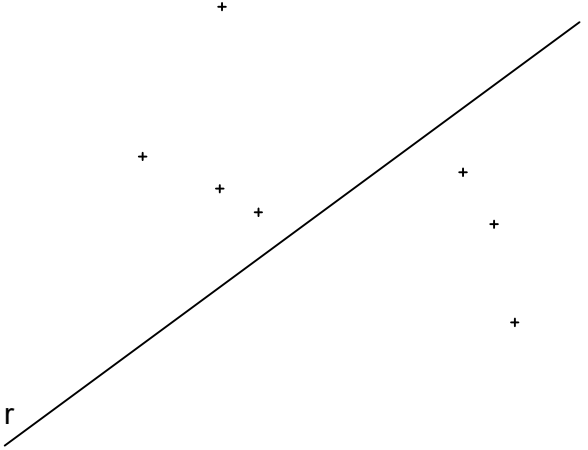

3/ Draw a perpendicular line to line r through each point.  
*Trazar perpendiculares a la recta r por cada punto.*

4/ Draw a line parallel to line r through each point.  
*Trazar paralelas a la recta r por cada uno de los puntos.*

5/ Draw a perpendicular line to line r through each point.  
*Trazar perpendiculares a la recta r por cada punto.*

6/ Draw 6 lines parallel to line r, each at a distance of 1 cm from the next.  
*Trazar 6 paralelas a la recta r a 1 cm de distancia.*
