

INCENTIVATION PLAN FOR UNDERGRADUATE STUDIES AT THE UNIVERSITY OF NAVARRA

Regulations for the 2027-2028 academic year

A) INTRODUCTION

The Incentive Plan for undergraduate studies is a **special pricing system** available for students that meet the appropriate conditions and demonstrate interest, but have **financial difficulties in pursuing degree studies** at the University of Navarra. This aid is granted for the degree program in which the student enrolls during the first year, and does not apply to additional or second degrees.

B) CONDITIONS TO PARTICIPATE

1. That the per capita family income for the year 2025 is less than 20,000 euros.
2. Apply for admission to the first year of an official undergraduate degree* that will be taught at the University of Navarra in the 2027-2028 academic year.
3. The student must have been enrolled in the 2nd year of Baccalaureate or equivalent in the 2026-2027 academic year, and have obtained a minimum average grade of 7 points in the 1st year of Baccalaureate or equivalent, although in some degrees a higher average grade may be required.
4. Once participation in the Incentive Plan is confirmed, the student will be informed of the tuition fee for the 2027-2028 academic year. The registration fee is calculated based on the number of ECTS registered.
5. In subsequent years, the percentage reduction granted will be applied to all credits enrolled in the first and second call, but the price of the credit is updated each year according to a percentage determined by the University, close to the CPI.
6. Subjects with a grade of «fail», «not presented» or «withdrawal from the call» are considered not passed.
7. The Incentive Plan does not apply to repeated credits (second enrollment). Those subjects not passed will be paid at the corresponding ordinary amount, like the rest of the students.
8. Enrollment must be formalized, at least, in the number of credits planned for the year of the study plan in which you enroll.
9. The tuition fee may only be reduced by obtaining Honours in the second year of high school, as well as Honours from the previous years.
10. The Incentive Plan cannot be combined with any additional bonus or discount, except for those mentioned in the previous point. If more than one bonus could be applied, the most beneficial one for the student will always be chosen.
11. The Incentive Plan is compatible with the Alumni Scholarship Program and public scholarships.

**The International Foundation Program is included.*
